NOTE: The score for joint publications (books/chapters in books) will be calculated in the following manner:

“Of the total score for the relevant category of publication by the concerned candidate, the first/principal author and the corresponding author/ supervisor/ mentor would share equally 60% of the total points and the remaining 40% would be shared equally by all other authors.”

It is clarified that the points are to be shared equally and not to be divided equally:

For example, if a paper has ‘M’ authors, which are amongst the first/principal author, the corresponding author/supervisor/mentor and ‘N’ remaining authors, then each of ‘M’ authors will get 60% marks each (say M-1 or M-2 or M-3 etc. will get 60% marks each) and the remaining authors will get 40% marks each (say N-1 or N-2 or N-3 etc. will get 40% marks each).
