Agenda

To review the admission policy and guidelines and finalize the prospectus for the 2024-25 academic session.

Proceedings

Following the warmth welcome extended by the Hon'ble Vice-Chancellor to the committee members, the Committee engaged in the following discussions:

1. Retention of Current Admission Policies

The Committee unanimously resolved to retain the existing policies and guidelines for admissions for the academic year 2024-25. The current policies were deemed comprehensive and effective in addressing all relevant issues concerning university admissions.

2. The Committee reviewed various aspects of the prospectus for the academic year 2024-25. It was recommended that the prospectus be updated to include revised information on faculty, fee structure, scholarships, academic calendar, and the list of achievers. Additionally, the prospectus should reflect the suggestions and recommendations of the Fee Committee and the Governing Body. It was also advised that new courses be incorporated into the updated prospectus.

3. The Committee discussed the admissions process and concluded that admissions should generally be conducted on a first-come, first-served basis. However, for integrated education programs with limited seats, admissions should be based on student merit.

The meeting concluded with expressions of gratitude to the Chair.
