The Vice-Chancellor welcomed all the committee members present in the meeting. Following this, the Committee proceeded with the following discussions:

1. The Committee unanimously agreed to retain the current policies and guidelines for admissions for the academic year 2025-26. These policies are comprehensive and effectively address all pertinent issues related to university admissions.
2. The Committee reviewed various aspects of finalizing the prospectus for the academic year 2025-26. The Committee recommended to update the information on faculty, fee structure, scholarships, academic calendar, and the list of achievers. Furthermore, the prospectus should incorporate the suggestions and recommendations of the Fee Committee and the Governing Body. It was also advised that new courses be included in the updated prospectus.
3. The Committee thoroughly discussed the admissions process and concluded that admissions should generally be conducted on a first-come, first-served basis. However, in integrated education programs, which have limited seats, admissions should be based on student merit.
4. The Committee unanimously approved the proposed intake for the academic year 2025 as attached in Annexure 1.
